

## ***Statement on Russian Holdings***

---

Redwheel and its investment teams condemn the Russian invasion of Ukraine and urge a return to peace. For the time being we will not initiate any new positions in Russian companies and any existing direct exposure has already been substantially reduced. Other companies with material exposure to Russia will be evaluated on a case by case basis.

The situation remains complex and fast evolving and we will continue re-evaluating our position.

We will continue to work closely with our clients to maintain transparency over the steps we are taking and the impacts that these are likely to have on portfolios.

RWC uses information from third party vendors, such as statistical and other data, that it believes to be reliable. However, the accuracy of this data, which may be used to calculate results or otherwise compile data that finds its way over time into RWC research data stored on its systems, is not guaranteed. If such information is not accurate, some of the conclusions reached or statements made may be adversely affected. Information contained in this document should not be viewed as indicative of future results. Past performance of any Transaction is not indicative of future results. The value of investments can go down as well as up. Certain assumptions and forward looking statements may have been made either for modelling purposes, to simplify the presentation and/or calculation of any projections or estimates contained herein and RWC does not represent that that any such assumptions or statements will reflect actual future events or that all assumptions have been considered or stated. Forward-looking statements are inherently uncertain, and changing factors such as those affecting the markets generally, or those affecting particular industries or issuers, may cause results to differ from those discussed. Accordingly, there can be no assurance that estimated returns or projections will be realised or that actual returns or performance results will not materially differ from those estimated herein. Some of the information contained in this document may be aggregated data of Transactions executed by RWC that has been compiled so as not to identify the underlying Transactions of any particular customer.

Any distribution or reproduction of this document is not authorised and is prohibited without the express written consent of RWC or any of its affiliates.

Changes in rates of exchange may cause the value of such investments to fluctuate. An investor may not be able to get back the amount invested and the loss on realisation may be very high and could result in a substantial or complete loss of the investment. In addition, an investor who realises their investment in a RWC-managed fund after a short period may not realise the amount originally invested as a result of charges made on the issue and/or redemption of such investment. The value of such interests for the purposes of purchases may differ from their value for the purpose of redemptions. No representations or warranties of any kind are intended or should be inferred with respect to the economic return from, or the tax consequences of, an investment in a RWC-managed fund. Current tax levels and reliefs may change. Depending on individual circumstances, this may affect investment returns. Nothing in this document constitutes advice on the merits of buying or selling a particular investment. This document expresses no views as to the suitability or appropriateness of the fund or any other investments described herein to the individual circumstances of any recipient.
